

## Onyx Chalice Badge - Double face pattern

*Pattern copyright Eowyn Cenek, nee Eowyn de Wever.  
Please email me at [eowyn.cenek@gmail.com](mailto:eowyn.cenek@gmail.com)  
if you have any questions.*

*Pattern may be used for personal use only, including  
regalia for the Onyx Chalice award in the Kingdom  
of Gleann Abhann.*

*Pattern is 30 cards wide, plus selvage.*

*Cards should be threaded with two black and two  
white threads, as for doubleface. Suitable selvage  
colours include black, white, or alternating black  
and white.*

*Some length should be woven above and below the  
badge; either enough length above to fold over and  
make a belt favour, or several rows, followed by  
finishing.*

*Personally, I like to weave about 6 more rows on  
each end, then three rows all forward, and then finish.  
I uses popsicle stics as spacers between the badges,  
which leave a nice fringe when I cut between the  
popsicle sticks later, and weave every second badge  
upside-down (and backwards) to reverse twist.*
